LEADERS RATIFY VOTE TO STRIKE

Conductors and Trainmen Are
Ready to Go Out.

AFFECTS FORTY-FIVE LINES

Conference Between President Wilson, Representatives of the Eastern Roads, Their Employees and Prominent Public Men May Result in Some Plan of Settlement or Arbitration Being Worked Out.

New York, July 14.—Whether a strike of upwards of 80,000 conductors and trainmen on forty-five Eastern railroads shall be declared within the next few days depends upon whether the railroads recede from their present position and withdraw from their refusal to arbitrate the wage and other differences between the companies and the men.

This declaration was made in statements by the men's representatives after the grievance committee from the roads gathered here in conference had ratified the strike vote of the men recently taken and had authorized A. B. Garretson, president of the Brotherhood of Railway Trainmen, to issue the formal strike order to their respective organizations.

Peace prospects centered upon the roads, the men declared, with the possibility that a way out of the deadlock will be supplied by the conference in Washington where amendments to the Erdman law, under which previous disputes between the roads and the men have been arbitrated, will be considered with a view to pressing their speedy passage upon congress.

The general committee of the two organizations authorized Messrs. Garretson and Lee to delay the strike order long enough to permit them to attend the Washington conference between President Wilson, representatives of the railroads and their employees and prominent public men.

The men's representatives will take part in the conference in the hope that it will result in the passage of Erdman law amendments increasing from three to six, or more, the number of arbitrators authorized to act in disputes between railroads and their employees. It has been made plain that the roads' chief objection to Erdman act arbitration is that too much responsibility rests upon a single man—the third or neutral arbitrator.

EMBARRASS WAR OFFICIALS

France Asks Help in Perfecting Smokeless Powder.

Washington, July 14.—War department officials have been placed in an embarrassing position, it became known, by a request from agents of the French government for assistance in the department's ordnance bureau in perfecting the smokeless powder now used in the French army and navy.

A series of unexplained disastrous explosions in the French magazines aboard ship and ashore is said to have led to this request, which is unusual in view of the consistent efforts made by most nations to protect the secret of their powder preparations.

The war department buys all of its powder under contract from an American company and this company has protested vigorously against the disclosure of its trade secrets to a foreign government, asserting that from patriotic motives it had previously rejected overtures from this foreign government to sell it powder or to establish a powder factory in France.

Quarrel Costs Two Lives.

Salina, Kan., July 14.—Sam Johnson, sixty years old, shot and killed Henry Parohi because, he alleged, Parohi owed one of Johnson's sons \$150 for work on the Parohi farm. Johnson then went to his own home and cut his throat. He will die. The men are prominent farmers.

DISCOVER PLOT TO KILL HUERTA

Mexican Officials Place Several
Persons Under Arrest.

SCHEME WAS TO USE BOMBS

Documents on Prisoners Identify Them as Supporters of Zapata and Show That Intention Was to Slay the President, General Felix Diaz and General Blanquet at Some Opportune Moment on the Street.

Mexico City, July 14.—A plot to assassinate President Huerta, General Felix Diaz and General Blanquet, the war minister, has been frustrated by the arrest of one deputy and ten others, of no great prominence.

It is said that the intention was to use bombs at some opportune moment when these officials were driving through the streets.

Documents were found on the prisoners identifying them as supporters of Zapata and setting forth an outline of the plot.

Several of the prisoners have confessed.

AMERICANS ARE FACING RUIN

Revolt Paralyzes Commercial and Industrial Enterprise.

Washington, July 14.—Jose Vasconcelos, who was sent by the Mexican Constitutionalists on a secret mission to London, who arrived here, has issued a statement declaring that the threatened anti-American demonstration in Mexico City was deliberately planned by Huerta and his adherents. Advice received by Constitutionalists headquarters here state that the priests of Monclova and Candela who were captured fighting against the Constitutionalists had been court-martialed and shot.

Destitute Americans are arriving in the United States on every boat from Mexican ports. Many of them face financial ruin in consequence of the series of revolutions which has paralyzed commercial and industrial enterprises and they are leaving the southern republic with reluctance.

FIT THEM FOR CIVIL LIFE

Men in Navy Will Be Given Vocational Training.

Chicago, July 14.—Details of a plan for the vocational education of enlisted men in the navy were given by Secretary of the Navy Daniels here. Mr. Daniels stopped in Chicago on his way to the Pacific coast where he will inspect naval stations and fortifications.

"It is planned to give enlisted men in the navy the benefit of three hours a day of regular schooling in a course that is along lines of the curriculum of the naval academy at Annapolis," he said.

"It is the purpose to so train the men as to fit them for responsible positions in civil life when their terms of enlistment expire."

Drafting, electrical engineering, naval architecture, civil engineering and allied studies were mentioned by the secretary as among twenty trades for which the men might receive entire or partial preparation.

TRAIN HITS TROLLEY CAR

Four Persons Killed and a Score of Others Hurt.

Cambridge, O., July 14.—Four persons were killed, a fifth probably fatally injured and a score of others hurt when a Baltimore and Ohio passenger train, the Wheeling-Chicago Express, westbound, crashed into a Cambridge and Bressville interurban street car at a crossing in East Cambridge. The street car was demolished.

The accident occurred during a terrific rain storm. The conductor of the street car had gone to the crossing and signalled the car to come ahead. He is said to have seen the headlight of the onrushing train, but believed it was a flash of lightning.

QUET IN BULGARIA.

Sofia, July 14.—Reports of a revolution and attempts against the lives of General Ferdinand and Premier Danoff are absolutely unfounded. There is complete tranquillity throughout Bulgaria.

LABORER STABBED TO DEATH.

Clinton, Ia., July 14.—Stanko Zubovich, thirty-six years old, was stabbed to death in an Austrian laborer's camp here in a national holiday fest of foreigners. Mike Rukarina and Joe Ivliche are in jail charged with murder.

PRESIDENT HUERTA.

Plot to Kill Mexican Executive Frustrated.

© 1914, by American Press Association.

SUIT OF YEARS AT AN END

Catholic Society Wins Title to Disputed School Property.

Salem, Ore., July 14.—After court proceedings for forty-eight years the Society of Sisters of the Holy Name of Jesus and Mary have undisputed possession of the property on which is located the Catholic school. Circuit Judge Galloway has granted an order quieting the title to the property.

The property was donated to the society in 1865 and has been used by it since.

About fifty persons, with Edward Davignon as principal, were interested in the suit.

TWELVE KILLED IN TROLLEY ACCIDENT

About Fifty Others Injured Near
Los Angeles.

Los Angeles, July 14.—Twelve persons were killed and about fifty were injured when a Pacific Electric interurban train ran into another one at Vineyard station, a junction on the outskirts of Los Angeles.

First reports from the wreck were conflicting. As nearly as could be learned both trains were inbound from Venice, an ocean beach town, sixteen miles from Los Angeles.

They were crowded with homebound bound residents of Los Angeles, who had spent the day at the beaches and it is reported that many of the injured were severely hurt from being thrown against car seats.

TO SAVE SARDINE INDUSTRY

Department of Agriculture Comes to Relief of American Canners.

Washington, July 14.—Rehabilitation of the American sardine industry, admitted by the canners themselves to be in a deplorable condition, has been undertaken by the department of agriculture.

Secretary Houston announced that the department has established a special sardine laboratory at Eastport, Me., with Dr. C. F. Weber of the bureau of chemistry in charge. Dr. Weber will study the fishing and the methods employed in packing. With few exceptions American sardines of late have been of inferior quality, often unfit for food, according to the department's statement.

STANLEY DENOUNCES LAMAR

Lays Lauterbach and Martin Had No Hand in Requesting Inquiry.

Washington, July 14.—David Lamar, Edward Lauterbach and Secretary Henry B. Martin of the Anti-Trust league were collectively and individually denounced in the house by Representative Stanley of Kentucky, head of the recent steel trust investigation, for "boasting" before the senate lobby committee that they figured in drafting the house resolution of inquiry. Stanley declared "absurd" and "untrue," the alleged participation of Lauterbach and Martin in presenting the resolution to him.

NEW CRISPELL CASE CLUE

Boast of Youth That He Knew More of Girl's Death.

Wilkesbarre, Pa., July 14.—Detectives are working on a new clue in an effort to solve the mystery of the death of Alice Crispell, the eighteen-year-old girl whose body was found in Harvey's lake last Monday.

A young man who resides near the lake is said to have boasted that he and a girl friend were on the lake the night of July 4, the date Miss Crispell is supposed to have met her death, and that he knew more of the case, but intended keeping the information secret.

FATAL QUARREL OVER CARDS.

Winnipeg, July 14.—John Fredrickson was shot and killed by Jose Lopez at Jasper, Alta. Lopez was arrested. It is said the men quarreled over a game of cards.

CONGRESS TRYING TO AID FARMERS

Government Loans at Low
Interest Proposed.

PLAN IS IN CURRENCY BILL.

Doubting Thomases Object to Provisions in New Tariff Measure, Then Fall Into Line and Vote For Them. Mulhall Incident Recalls Similar One of Years Ago.

By ARTHUR W. DUNN.

Washington, July 14.—[Special.]—Farm loans as a part of the currency scheme seem almost inevitable if there is a currency bill passed. Just how a congress, which wants to help the farmer, will get around the Bristow proposition for loans on farms, using such mortgages for asset currency, providing there is an asset currency, is hard to see.

Congress has done a great deal for the farmer through the agricultural department, but that is largely in the way of furnishing information, instruction, seeds and improving farm methods. Now, here is a plan which will carry out the idea that farmers should have an opportunity to secure government loans at a low rate of interest and giving the government the basis of a stable currency at the same time.

Only a short time before he left office President Taft laid great stress upon the lack of facilities possessed by the farmers to secure money at low rates of interest. The farm loan plan incorporated in a currency bill will cure that defect, although many men fear that it is not practical.

Came Into Line.

The consideration of the tariff bill in both senate and house caucuses by the Democrats was much alike in at least one particular. In both there were strong protests against certain features of the bill—assertions made that, if enacted, ruination would follow certain industries, and more particularly the prospects of the senators who were speaking. Then after these features were voted in the men would get into line and say, "Well, perhaps it will not be as bad as we think," or something like that. And thus a low tariff bill was framed.

Congress Is Funny.

The high pitch of excitement which has been worked up in congress by the Mulhall charges recalls a similar incident several years ago when the present senator from Kansas, Bristow, was fourth assistant postmaster general. He was selected by Roosevelt to make an investigation of affairs in the post-office department, where two men had been indicted. He sent a long report to congress, and nearly every man who had asked for additional clerk hire for a postoffice in his district or who had asked for additional facilities for an office was "implicated" in the charges because he had addressed a letter to one or the other of the two men under indictment.

There were two days of explanation by members of the house, each insisting upon innocence where no real charge was made. The Mulhall man mentions a name and at once the man is placed under suspicion, although he does not know the lobbyist. Congressmen become real amusing under such circumstances. But they have some cause of grievance.

Mann's Responsibility.

"I take the responsibility for shutting out the gentleman's motion," said Jim Mann one day when he left Congressman Rucker of Missouri stranded. "You are responsible for very much that is done here," retorted Rucker, "especially if it is wrong."

A Texas Rapprochement.

For forty ballots or more forty Texas voted first, last and all the time for Woodrow Wilson. They were the anti-Bailey, anti-protection, anti-"old crowd" Democrats. They won a substantial victory and contributed in a great measure to Wilson's success. When the smoke of battle had cleared away, those forty immortals and their supporters thought they should be entitled to all there was in Texas. They so represented the situation to the administration.

But the administration was rather foxy, with the result that all Democrats were treated alike and all spoils distributed regardless of presidential affiliations during the preliminary presidential canvass. The Wilson men had to be satisfied, and it goes without saying that the other faction is perfectly satisfied. "I have forty-five presidential postmasters in my district," said John Garner, an ideal anti, "and everything has been coming my way."

Recognizing Merit.

Congressman Austin tells a story of his early political days in Alabama. "There was a big greenback craze on at the time," said the Tennessee congressman, "and I was then a resident of Alabama. A man came down from Illinois and spent several months speaking for greenbacks. At one of the last meetings a man in the crowd got up and explained all that had been done by the Illinois man and suggested that something substantial be done for him. Another man arose and said: 'I move a vote of thanks for the Illinois man.' This was unanimously carried."

Near There Now.

She—They say Tom Swift is going to the bad. He—He'll have a short run. —London Mail.

J. ADAM BEDE.

Flatly Denies Charges Made by Colonel Mulhall.

BEDE DENIES ALL CHARGES

Minnesotan Was Named in Mulhall's Statement.

Huntington, Ind., July 14.—"I stand ready to give \$1,000 to any charitable organization if it is shown that a dollar has been paid to any congressman for his vote on the tariff bill or any schedule of the tariff bill," declared J. Adam Bede, former Minnesota congressman, in his first public statement pertaining to the sensational lobby charges of Colonel Martin M. Mulhall.

Mr. Bede, who is here filling a chautauqua engagement, and who has just returned from an eight weeks' tour of the South, was unaware that his name had been mentioned by Mulhall and expressed surprise when shown Mulhall's statement, in which his name was near the head of the list of accused congressmen.

He dictated a lengthy statement, in which he flatly denied all the charges that referred to him.

HOPES TO WIPE OUT SALOONS BY 1920

Christian Endeavor Favors War of Extermination.

Los Angeles, July 14.—To the question "How to meet the liquor menace?" Daniel A. Polling, speaking for the United Societies of Christian Endeavor, answered here, "educate and exterminate."

The speaker, who is the national temperance and citizenship superintendent of the society, admitted past weaknesses of the anti-saloon movement, owing, he said, to a lack of unity.

"But in this new militant educational campaign, to be carefully wrought out and nationwide in its scope, we have presented by the providence of the hour a fighting platform of common agreement," he said.

"We declare for national prohibition in 1920 as the eighteenth amendment to the Constitution of the United States.

FLOOD AT FORT WILLIAMS

Three and One-half Inches of Rain in Twelve Hours.

Fort William, Ont., July 14.—Heavy rain caused a flood of several feet in the avenues between this city and Port Arthur, compelling residents to use boats and roads to get to and from their homes.

Three and one-half inches of water fell in twelve hours. Street car traffic between the two cities was tied up.

Goods stored in basements were damaged to the extent of tens of thousands of dollars.

Well, the Sound Was There.

A London school class had been accustomed to sing each afternoon a short hymn, one line of which ran, "Weak and sinful though we be." On a new teacher taking charge she was puzzled at the children's very indefinite articulation of this line and on investigating found that nearly half the class had been rendering it, "We can sing, full though we be."

ONE FIRMAN IS OVERCOME

Huge Stack of Flax Straw Burns at St. Paul.

St. Paul, July 14.—One fireman was overcome by smoke and the heat of the intense flames and the majority of sixty others were scorched and stifled and almost exhausted in their strenuous battle with a fire at the Northern Insulating company plant, which practically destroyed a huge stack of flax straw valued at \$60,000. The mountain of baled straw, covering nearly an acre of ground and standing about thirty-five feet high, was practically all destroyed.

TURKS TAKE HAND IN BALKAN WAR

THREE YOUNG WOMEN PERISH

Become Terrified When Their Boat Begins to Leak.

Norristown, Pa., July 14.—Terrified when a rowboat in which they were riding sprung a leak during a storm here four young women stood up in the craft, which overturned, drowning three of them. The dead are Mary Livergood, Emma Rex of Norristown, Helen Green of Philadelphia.

Miss Margaret Green, a sister of Helen, was the fourth member of the party. She was rescued. They were daughters of Rev. D. W. Green of the Chestnut Hill Methodist Episcopal church, Philadelphia.

DANIELS WILL SEEK ADVICE

Experts to Be Consulted on Drydock Plans in Hawaii.

Washington, July 14.—Expert advice from outside the navy department will be invoked by Secretary Daniels in arriving at a decision as to the completion of the Big Pearl harbor drydock in Hawaii.

Mr. Daniels has spent two days in listening to the report of the civil engineers and department officials on the difficulties in carrying out the original plans for the construction of the dock.

PLAN TO BEAUTIFY CANAL

Report of Committee Completed and Will Be Sent to Congress.

Washington, July 14.—The report of the fine arts committee, charged with the preparation of plans for the beautification of the Panama canal, has been completed and probably will be transmitted to congress through President Wilson about Aug. 1.

The plans embody landscape effects to make artistic the approaches to the country through which the great canal as well as the locks and the waterway has been cut.

CUT LOSS IN LUMBER FIRE

Revised Estimates Place Damage Total at \$700,000.

Michigan City, Ind., July 14.—Revised estimates of the loss in the burning of twenty acres of stacked lumber here, owned by the Haskell and Barker Car company, placed the damage at \$700,000, fully covered by insurance.

The fire, which for a time menaced the city, was checked by the aid of dynamite and with the assistance of fire companies from Chicago and nearby cities.

How He Found It.

"So you claim the world is round?" sneered the skeptic. "How do you know that it is not square?" "Because I have had too many dealings with it," grimly replied Columbus.—Florida Times-Union.

GRAIN AND PROVISION PRICES

Duluth Wheat and Flax.
Duluth, July 14.—Wheat—On track and to arrive, No. 1 hard, 91½¢; No. 1 Northern, 90½¢; No. 2 Northern, 87½¢; 88½¢; July, 89½¢; Sept., 90½¢; 90½¢; Flax—On track and to arrive, 1.38½¢; July, 1.36½¢; Sept., 1.39½¢; Oct., 1.39½¢.

South St. Paul Live Stock.
South St. Paul, July 14.—Cattle—Steers, \$5.50@8.25; cows and heifers, \$4.50@7.10; calves, \$6.00@9.75; feeders \$4.30@7.25. Hogs—\$8.50@8.90; Sheep—Shorn lambs, \$5.00@8.25; shorn wethers, \$4.50@4.75; shorn ewes, \$2.00@4.50.

St. Paul Hay.
St. Paul, July 14.—Hay—Choice timothy, \$17.50; No. 1 timothy, \$16.00@16.75; No. 2 clover mixed, \$12.00@12.75; No. 1 mixed, \$13.00@13.75; choice upland, \$14.50; No. 1 upland, \$13.00@13.75; No. 1 midland, \$8.00@8.75; No. 1 alfalfa, \$12.00@12.75.

Chicago Grain and Provisions.
Chicago, July 14.—Wheat—July, 85½¢; Sept., 86½¢@89¢; Dec., 90¢; 90½¢; Corn—July, 59½¢; Sept., 59½¢; Dec., 56½¢; Oats—July, 37½¢; Sept., 38½¢; Dec., 40¢@40½¢; Pork—July, \$21.85; Sept., \$21.20. Butter—Creameries, 25¢@26¢; Eggs—16¢. Poultry—Chickens, 17¢; Springs, 22¢; turkeys, 18¢.

Chicago Live Stock.

Hogs—Light, \$8.80@9.27½¢; mixed, \$8.70@9.25; heavy, \$8.50¢; 9.15; rough, \$8.50@8.70; pigs, \$7.35¢; 9.10. Sheep—Native, \$4.15@5.45; yearlings, \$5.50@7.25; lambs, \$6.20@8.25.

Minneapolis Grain.
Minneapolis, July 14.—Wheat—July, 87½¢; Sept., 89½¢@89½¢; Dec., 92¢. Cash close on track: No. 1 hard, 90¢; No. 1 Northern, 89¢@89½¢; to arrive, 89¢@89½¢; No. 2 Northern, 87¢@87½¢; No. 3 Northern, 85¢@85½¢; No. 3 yellow corn, 57¢@58¢; No. 4 corn, 54¢@55¢; No. 2 white oats, 35¢@36½¢; to arrive, 36½¢; No. 3 oats, 34¢@35¢; barley, 43¢@56¢; flax, 1.36½¢; to arrive, 1.36½¢.

Join Serbia, Greece and Roumania Against Bulgaria.

ARE MOVING ON ADRIANOPLE

Turkish Army Is Advancing by Forced Marches From Tchatalja and Bulair to Attempt the Capture of Adrianople and Thrace—Greece and Serbia Decline to Agree to an Armistice.

London, July 14.—The Balkan states appear again to be in the melting pot. There is no sign of peace. Greece and Serbia have declined so far to agree to an armistice. The Turkish army is advancing by forced marches from Tchatalja and Bulair, apparently with the consent of Greece and Serbia, to attempt there the capture of Adrianople and Thrace.

Roumania is said to be proceeding to occupy a much larger extent of Bulgarian territory than she previously claimed and Greece is turning to avenge the Bulgarian massacres.

According to these reports ears and fingers of Greek women still wearing earrings and rings were found in the pockets of Bulgarian prisoners. There is still talk of Russian interference and it is reported from St. Petersburg that the powers in concert have notified the sublime porte that they will not permit military operations beyond the Enos-Midia line fixed by the London conference. But the European concert is slow in moving.

Turkish Military Activity.

Constantinople, July 14.—The greatest military activity prevails here and troops, artillery and provisions convoys are being brought across the Bosphorus from Asia Minor. Destruction of villages by the retreating Bulgarians has aroused a bitter feeling here.

RAID FARGO OPIUM JOINTS

Postoffice Inspector Busy Looking for Evidence.

Fargo, N. D., July 14.—A raid on opium joints, headed by Postoffice Inspector Chase, Sheriff John Ross and Chief of Police Bingham, resulted in twelve arrests and the confiscation of a large quantity of raw and cooked opium; also a large quantity of liquor. Eight houses in the lower district of the city were raided and evidences of opium smoking were found in each place. The raid was instigated by Postoffice Inspector Chase, who has thought for some time that opium in large quantities has been received in the city through the mails.

In several of the places visited the persons found there were under the influence of the drug and the smoking apparatus was found as they had left it when finishing their smoke.

FAIR WEATHER PREDICTED

Only Local Thunder Storms to Mar Week.

Washington, July 14.—Generally fair except for local thunder storms is promised by the weather bureau for the present week.

"A disturbance now over the northern Rocky Mountain region," says the weekly bulletin, "will develop eastward and will be attended by local thunder storms that will occur over the Northern plains states and will extend eastward over the central and northern portions of the country."

"Another disturbance should appear over the extreme Northwest about the end of the week, bringing with it local showers in that section."

BRYAN'S SALARY IS TOO LOW

Secretary of State Says He Is Obligated to Lecture.

Hendersonville, N. C., July 14.—While lecturing here Secretary Bryan declared he was compelled to deliver chautauqua addresses to supplement his government salary, which he said, was not sufficient to meet his expenses.

"As this is my first chautauqua lecture since becoming a member of the cabinet," said Secretary Bryan, "it may not be out of place to say that I find it necessary to lecture in order to supplement the salary which I receive from the government."

"As I have lectured for eighteen years this method of adding to my income is the most natural one to which to turn and I regard it as extremely legitimate."

LEADERS RATIFY VOTE TO STRIKE

Conductors and Trainmen Are
Ready to Go Out.

AFFECTS FORTY-FIVE LINES

Conference Between President Wilson, Representatives of the Eastern Roads, Their Employees and Prominent Public Men May Result in Some Plan of Settlement or Arbitration Being Worked Out.

New York, July 14.—Whether a strike of upwards of 80,000 conductors and trainmen on forty-five Eastern railroads shall be declared within the next few days depends upon whether the railroads recede from their present position and withdraw from their refusal to arbitrate the wage and other differences between the companies and the men.

This declaration was made in statements by the men's representatives after the grievance committee from the roads gathered here in conference had ratified the strike vote of the men recently taken and had authorized A. B. Garretson, president of the Brotherhood of Railway Trainmen, to issue the formal strike order to their respective organizations.

Peace prospects centered upon the roads, the men declared, with the possibility that a way out of the deadlock will be supplied by the conference in Washington where amendments to the Erdman law, under which previous disputes between the roads and the men have been arbitrated, will be considered with a view to pressing their speedy passage upon congress.

The general committee of the two organizations authorized Messrs. Garretson and Lee to delay the strike order long enough to permit them to attend the Washington conference between President Wilson, representatives of the railroads and their employees and prominent public men.

The men's representatives will take part in the conference in the hope that it will result in the passage of Erdman law amendments increasing from three to six, or more, the number of arbitrators authorized to act in disputes between railroads and their employees. It has been made plain that the roads' chief objection to Erdman act arbitration is that too much responsibility rests upon a single man—the third or neutral arbitrator.

EMBARRASS WAR OFFICIALS

France Asks Help in Perfecting
Smokeless Powder.

Washington, July 14.—War department officials have been placed in an embarrassing position, it became known, by a request from agents of the French government for assistance in the department's ordnance bureau in perfecting the smokeless powder now used in the French army and navy.

A series of unexplained disastrous explosions in the French magazines aboard ship and ashore is said to have led to this request, which is unusual in view of the consistent efforts made by most nations to protect the secret of their powder preparations.

The war department buys all of its powder under contract from an American company and this company has protested vigorously against the disclosure of its trade secrets to a foreign government, asserting that from patriotic motives it had previously rejected overtures from this foreign government to sell it powder or to establish a powder factory in France.

Plot to Kill Mexican
Executive Frustrated.

© 1913, by American Press Association.

DISCOVER PLOT TO KILL HUERTA

Mexican Officials Place Several
Persons Under Arrest.

SCHEME WAS TO USE BOMBS

Documents on Prisoners Identify Them as Supporters of Zapata and Show That Intention Was to Slay the President, General Felix Diaz and General Blanquet at Some Opportune Moment on the Street.

Mexico City, July 14.—A plot to assassinate President Huerta, General Felix Diaz and General Blanquet, the war minister, has been frustrated by the arrest of one deputy and ten others, of no great prominence.

It is said that the intention was to use bombs at some opportune moment when these officials were driving through the streets.

Documents were found on the prisoners identifying them as supporters of Zapata and setting forth an outline of the plot.

Several of the prisoners have confessed.

AMERICANS ARE FACING RUIN
Revolt Paralyzes Commercial and Industrial Enterprise.

Washington, July 14.—Jose Vasconcelos, who was sent by the Mexican Constitutionalists on a secret mission to London, who arrived here, has issued a statement declaring that the threatened anti-American demonstration in Mexico City was deliberately planned by Huerta and his adherents.

Advices received by Constitutional headquarters here state that the priests of Monclova and Candela who were captured fighting against the Constitutionalists had been court-martialed and shot.

Destitute Americans are arriving in the United States on every boat from Mexican ports. Many of them face financial ruin in consequence of the series of revolutions which has paralyzed commercial and industrial enterprises and they are leaving the southern republic with reluctance.

FIT THEM FOR CIVIL LIFE

Men in Navy Will Be Given Vocational Training.

Chicago, July 14.—Details of a plan for the vocational education of enlisted men in the navy were given by Secretary of the Navy Daniels here. Mr. Daniels stopped in Chicago on his way to the Pacific coast where he will inspect naval stations and fortifications.

"It is planned to give enlisted men in the navy the benefit of three hours a day of regular schooling in a course that is along lines of the curriculum of the naval academy at Annapolis," he said.

"It is the purpose to so train the men as to fit them for responsible positions in civil life when their terms of enlistment expire."

Drafting, electrical engineering, naval architecture, civil engineering and allied studies were mentioned by the secretary as among twenty trades for which the men might receive entire or partial preparation.

TRAIN HITS TROLLEY CAR

Four Persons Killed and a Score of Others Hurt.

Cambridge, O., July 14.—Four persons were killed, a fifth probably fatally injured and a score of others hurt when a Baltimore and Ohio passenger train, the Wheeling-Chicago Express, westbound, crashed into a Cambridge and Byersville interurban street car at a crossing in East Cambridge. The street car was demolished.

The accident occurred during a terrific rain storm. The conductor of the street car had gone to the crossing and signalled the car to come ahead. He is said to have seen the headlight of the onrushing train, but believed it was a flash of lightning.

+ QUIET IN BULGARIA. +
+ Sofia, July 14.—Reports of a revolution and attempts against the lives of General Ferdinand and Premier Danef are absolutely unfounded. +
+ There is complete tranquillity throughout Bulgaria. +

Laborer Stabbed to Death.
Clinton, Ia., July 14.—Stanko Zubovich, thirty-six years old, was stabbed to death in an Austrian laborer's camp here in a national holiday fest of foreigners. Mike Rukarina and Joe Ivelich are in jail charged with murder.

CONGRESS TRYING TO AID FARMERS

Government Loans at Low
Interest Proposed.

PLAN IS IN CURRENCY BILL.

Doubting Thomases Object to Provisions in New Tariff Measure, Then Fall Into Line and Vote For Them. Mulhall Incident Recalls Similar One of Years Ago.

By ARTHUR W. DUNN.

Washington, July 14.—[Special.]—Farm loans as a part of the currency scheme seem almost inevitable if there is a currency bill passed. Just how a congress, which wants to help the farmer, will get around the Bristow proposition for loans on farms, using such mortgages for asset currency, providing there is an asset currency, is hard to see.

Congress has done a great deal for the farmer through the agricultural department, but that is largely in the way of furnishing information, instruction, seeds and improving farm methods. Now, here is a plan which will carry out the idea that farmers should have an opportunity to secure government loans at a low rate of interest and giving the government the basis of a stable currency at the same time.

Only a short time before he left office President Taft laid great stress upon the lack of facilities possessed by the farmers to secure money at low rates of interest. The farm loan bill incorporated in a currency bill will cure that defect, although many men fear that it is not practical.

Came Into Line.

The consideration of the tariff bill in both senate and house caucuses by the Democrats was much alike in at least one particular. In both there were strong protests against certain features of the bill—assertions made that, if enacted, ruination would follow certain industries, and more particularly the prospects of the senators who were speaking. Then after these features were voted in the men would get into line and say, "Well, perhaps it will not be as bad as we think," or something like that. And thus a low tariff bill was framed.

Congress Is Funny.

The high pitch of excitement which has been worked up in congress by the Mulhall charges recalls a similar incident several years ago when the present senator from Kansas, Bristow, was fourth assistant postmaster general. He was selected by Roosevelt to make an investigation of affairs in the post-office department, where two men had been indicted. He sent a long report to congress, and nearly every man who had asked for additional clerk hire for a postoffice in his district or who had asked for additional facilities for an office was "implicated" in the charges because he had addressed a letter to one or the other of the two men under indictment.

There were two days of explanation by members of the house, each insisting upon innocence where no real charge was made. The Mulhall man mentions a name and at once the man is placed under suspicion, although he does not know the lobbyist. Congressmen become real amusing under such circumstances. But they have some cause of grievance.

Mann's Responsibility.
"I take the responsibility for shutting out the gentleman's motion," said Jim Mann one day when he left Congressman Rucker of Missouri stranded. "You are responsible for very much that is done here," retorted Rucker, "especially if it is wrong."

A Texas Rapprochement.

For forty ballots or more forty Texans voted first, last and all the time for Woodrow Wilson. They were the anti-Bailey, anti-protection, anti-crowd Democrats. They won a substantial victory and contributed in a great measure to Wilson's success. When "the smoke of battle had cleared away" those forty immortals and their supporters thought they should be entitled to all there was in Texas. They so represented the situation to the administration.

But the administration was rather foxy, with the result that all Democrats were treated alike and all spoils distributed regardless of presidential affiliations during the preliminary presidential canvass. The Wilson men had to be satisfied, and it goes without saying that the other faction is perfectly satisfied. "I have forty-five presidential postmasters in my district," said John Garner, an ideal anti, "and everything has been coming my way."

Recognizing Merit.

Congressman Austin tells a story of his early political days in Alabama. "There was a big greenback craze on at the time," said the Tennessee congressman, "and I was then a resident of Alabama. A man came down from Illinois and spent several months speaking for greenbacks. At one of the last meetings a man in the crowd got up and explained all that had been done by the Illinois man and suggested that something substantial be done for him. Another man arose and said: "I move a vote of thanks for the Illinois man." This was unanimously carried."

Near There Now.

She—They say Tom Swift is going to the bad. He—He'll have a short runny.—London Mail.

J. ADAM BEDE.

Flatly Denies Charges
Made by Colonel Mulhall.

BEDE DENIES ALL CHARGES

Minnesotan Was Named in Mulhall's Statement.

Huntington, Ind., July 14.—"I stand ready to give \$1,000 to any charitable organization if it is shown that a dollar has been paid to any congressman for his vote on the tariff bill or any schedule of the tariff bill," declared J. Adam Bede, former Minnesotan congressman, in his first public statement pertaining to the sensational lobby charges of Colonel Martin M. Mulhall.

Mr. Bede, who is here filling a chautauqua engagement, and who has just returned from an eight weeks' tour of the South, was unaware that his name had been mentioned by Mulhall and expressed surprise when shown Mulhall's statement, in which his name was near the head of the list of accused congressmen.

He dictated a lengthy statement, in which he flatly denied all the charges that referred to him.

HOPES TO WIPE OUT SALOONS BY 1920

Christian Endeavor Favors War
of Extermination.

Los Angeles, July 14.—To the question "How to meet the liquor menace?" Daniel A. Polling, speaking for the United Societies of Christian Endeavor, answered here, "educate and exterminate."

The speaker, who is the national temperance and citizenship superintendent of the society, admitted past weaknesses of the anti-saloon movement, owing, he said, to a lack of unity.

"But in this new militant educational campaign, to be carefully wrought out and nationwide in its scope, we have presented by the providence of the hour a fighting platform of common agreement," he said.

"We declare for national prohibition in 1920 as the eighteenth amendment to the Constitution of the United States."

"And because of past bitter defeats where good laws have been entrusted to unfriendly and uncommitted administrators we declare for the election of candidates and administrations outspokenly committed to the enforcement of existing temperance laws and to the complete destruction of the liquor traffic."

FLOOD AT FORT WILLIAMS

Three and One-half Inches of Rain in
Twelve Hours.

Fort William, Ont., July 14.—Heavy rain caused a flood of several feet in the avenues between this city and Port Arthur, compelling residents to use boats and roads to get to and from their homes.

Three and one-half inches of water fell in twelve hours. Street car traffic between the two cities was tied up.

Goods stored in basements were damaged to the extent of tens of thousands of dollars.

Well, the Sound Was There.

A London school class had been accustomed to sing each afternoon a short hymn, one line of which ran, "Weak and sinful though we be." On a new teacher taking charge she was puzzled at the children's very indefinite articulation of this line and on investigating found that nearly half the class had been rendering it, "We can sing, full though we be."

ONE FIRMAN IS OVERCOME

Huge Stack of Flax Straw Burns at
St. Paul.

St. Paul, July 14.—One fireman was overcome by smoke and the heat of the intense flames and the majority of sixty others were scorched and stifled and almost exhausted in their strenuous battle with a fire at the Northern Insulating company plant, which practically destroyed a huge stack of flax straw valued at \$60,000. The mountain of baled straw, covering nearly an acre of ground and standing about thirty-five feet high, was practically all destroyed.

TURKS TAKE HAND IN BALKAN WAR

THREE YOUNG WOMEN PERISH

Become Terrified When Their Boat
Begins to Leak.

Norristown, Pa., July 14.—Terrified when a rowboat in which they were riding sprung a leak during a storm here four young women stood up in the craft, which overturned, drowning three of them. The dead are Mary Livergood, Emma Rex of Norristown, Helen Green of Philadelphia.

Miss Margaret Green, a sister of Helen, was the fourth member of the party. She was rescued. They were daughters of Rev. D. W. Green of the Chestnut Hill Methodist Episcopal church, Philadelphia.

DANIELS WILL SEEK ADVICE

Experts to Be Consulted on Drydock
Plans in Hawaii.

Washington, July 14.—Expert advice from outside the navy department will be invoked by Secretary Daniels in arriving at a decision as to the completion of the Big Pea harbor drydock in Hawaii.

Mr. Daniels has spent two days in listening to the report of the civil engineers and department officials on the difficulties in carrying out the original plans for the construction of the dock.

PLAN TO BEAUTIFY CANAL

Report of Committee Completed
and Will Be Sent to Congress.

Washington, July 14.—The report of the fine arts committee, charged with the preparation of plans for the beautification of the Panama canal, has been completed and probably will be transmitted to congress through President Wilson about Aug. 1.

The plans embody landscape effects to make artistic the approaches to the country through which the great canal as well as the locks and the waterway has been cut.

CUT LOSS IN LUMBER FIRE

Revised Estimates Place Damage
Total at \$700,000.

Michigan City, Ind., July 14.—Revised estimates of the loss in the burning of twenty acres of stacked lumber here, owned by the Haskell and Barker Car company, placed the damage at \$700,000, fully covered by insurance.

The fire, which for a time menaced the city, was checked by the aid of dynamite and with the assistance of fire companies from Chicago and nearby cities.

How He Found It.

"So you claim the world is round?" sneered the skeptic. "How do you know that it is not square?" "Because I have had too many dealings with it," grimly replied Columbus.—Florida Times-Union.

GRAIN AND PROVISION PRICES

Join Serbia, Greece and Roumania Against Bulgaria.

ARE MOVING ON ADRIANOPLE

Turkish Army Is Advancing by Forced Marches From Tchatalja and Bulair to Attempt the Capture of Adrianople and Thrace—Greece and Serbia Decline to Agree to an Armistice.

London, July 14.—The Balkan states appear again to be in the melting pot. There is no sign of peace. Greece and Serbia have declined so far to agree to an armistice. The Turkish army is advancing by forced marches from Tchatalja and Bulair, apparently with the consent of Greece and Serbia, to attempt there the capture of Adrianople and Thrace.

Roumania is said to be proceeding to occupy a much larger extent of Bulgarian territory than she previously claimed and Greece is turning to avenge the Bulgarian massacres.

According to these reports ears and fingers of Greek women still wearing earrings and rings were found in the pockets of Bulgarian prisoners.

There is still talk of Russian interference and it is reported from St. Petersburg that the powers in concert have notified the sublime porte that they will not permit military operations beyond the Enos-Midia line fixed by the London conference. But the European concert is slow in moving.

Turkish Military Activity.

Constantinople, July 14.—The greatest military activity prevails here and troops, artillery and provisions convoys are being brought across the Bosphorus from Asia Minor. Destruction of villages by the retreating Bulgarians has aroused a bitter feeling here.

RAID FARGO OPIUM JOINTS

Postoffice Inspector Busy Looking for
Evidence.

Fargo, N. D., July 14.—A raid on opium joints, headed by Postoffice Inspector Chase, Sheriff John Ross and Chief of Police Bingham, resulted in twelve arrests and the confiscation of a large quantity of raw and cooked opium; also a large quantity of liquor.

Eight houses in the lower district of the city were raided and evidences of opium smoking were found in each place. The raid was instigated by Postoffice Inspector Chase, who has thought for some time that opium in large quantities has been received in the city through the mails.

In several of the places visited the persons found there were under the influence of the drug and the smoking apparatus was found as they had left it when finishing their smoke.

FAIR WEATHER PREDICTED

Only Local Thunder Storms to Mar
Week.

Washington, July 14.—Generally fair except for local thunder storms is promised by the weather bureau for the present week.

"A disturbance now over the northern Rocky Mountain region," says the weekly bulletin, "will develop eastward and will be attended by local thunder storms that will occur over the Northern plains states and will extend eastward over the central and northern portions of the country."

"Another disturbance should appear over the extreme Northwest about the end of the week, bringing with it local showers in that section."

BRYAN'S SALARY IS TOO LOW

Secretary of State Says He Is Obligated
to Lecture.

Hendersonville, N. C., July 14.—While lecturing here Secretary Bryan declared he was compelled to deliver chautauqua addresses to supplement his government salary, which he said, was not sufficient to meet his expenses.

"As this is my first chautauqua lecture since becoming a member of the cabinet," said Secretary Bryan, "it may not be out of place to say that I find it necessary to lecture in order to supplement the salary which I receive from the government."

"As I have lectured for eighteen years this method of adding to my income is the most natural one to which to turn and I regard it as extremely legitimate."

EIGHT DROWN; SIX RESCUED

Fatality Overtakes Outing of Freight
Handlers at Boston.

Boston, July 14.—Eight men, all members of a party of Boston and Maine freight handlers, who were taking a day's outing in the harbor, were drowned by the capsizing of a sloop. Six of the party were rescued.

The yacht had been lying at anchor for a time, when the party decided to head for the open sea. They had hoisted sail when a sudden squall overturned the boat.

If You Keep Your Eyes Open

Big Ben

You'll Hear From Him Soon

At the Empress

The feature offering at the Empress theater tonight is the Lubin Co. and is entitled "The Faith of a Girl."

When Jim Farley took Laura Mills away amid showers of rice on the honeymoon, Mr. and Mrs. Mills were proud of their son-in-law, but he had a past he tried to bury. He had done things against the law and the happy couple had hardly left the door steps when two detectives appeared and told the family that they wanted Jim Farley. The officers followed the couple to the hotel in the big city and there told Jim he was wanted for a job, which took place six months ago. Farley kissed his beautiful wife and she went back to her parents, who denounced her husband, and Laura refusing to hear words against him left the home to find employment. She secured an engagement in the office of Richard Starley, but her employer was attracted and one evening tried to embrace her. She was horrified and showed a locket with the picture of herself and her husband. Starley ashamed, then becomes her friend. One day visiting the jail to see Jim a fire broke out, there was a panic. Jim battled with the flames and rescued the warden's little son, both

At the Empress

The feature offering at the Empress theater tonight is the Lubin Co. and is entitled "The Faith of a Girl."

When Jim Farley took Laura Mills away amid showers of rice on the honeymoon, Mr. and Mrs. Mills were proud of their son-in-law, but he had a past he tried to bury. He had done things against the law and the happy couple had hardly left the door steps when two detectives appeared and told the family that they wanted Jim Farley. The officers followed the couple to the hotel in the big city and there told Jim he was wanted for a job, which took place six months ago. Farley kissed his beautiful wife and she went back to her parents, who denounced her husband, and Laura refusing to hear words against him left the home to find employment. She secured an engagement in the office of Richard Starley, but her employer was attracted and one evening tried to embrace her. She was horrified and showed a locket with the picture of herself and her husband. Starley ashamed, then becomes her friend. One day visiting the jail to see Jim a fire broke out, there was a panic. Jim battled with the flames and rescued the warden's little son, both

were badly burned and taken to the hospital, when convalescent the warden and Starley set to work to get Jim's freedom for bravery, and they succeeded, restoring Farley to the arms of his faithful wife.

At the Grand

The Grand shows the "Mutual Weekly," portraying the startling events in New York city, Chicago, Burnham, Texas; Washington, D. C.; Baltimore, Md. TMs weekly resume of the news is always of interest.

"The Caged Bird" is a Tanhauser story and tells of the princess who pines to go out and live among the people. She releases her bird from its cage and runs away. Her experiences are decidedly unpleasant and later she returns home. Miss Marguerite Snow appears as the princess and William Garwood as the prince who eventually marries her.

A comedy, "Sidelacked by Sister" is a laugh-provoking one by the Majestic film company. The plot is something that will please all.

Gene McCarthy sings the illustrated song, "I wonder How it Feels to be in Love."

FRANCHISE READY FOR THE COUNCIL

Minnesota Central Railway Act Seems Certain of Passage, Maybe Unanimously

STREET RAILWAY IS IN SIGHT

Five Cent Fare Throughout Brainerd and For a Mile Beyond the City Limits

From authentic sources of information, including a majority of the members of the city council, the Dispatch is enabled to announce that a franchise to the Minnesota Central Railway company to construct and operate a street railway in Brainerd will be passed at the adjourned meeting of the council Monday night.

It would not be possible to pass the franchise without the support of the aldermen elected on the Municipal Ownership ticket and Mayor Henning, elected on the same platform. Six votes are required to pass the franchise. If vetoed by the mayor after its passage, seven votes, or two-thirds, would be required to pass the franchise over his veto. Two-thirds could not be obtained without the support of one or more Municipal Ownership Aldermen.

So far as ascertained, not a vote will be cast against the granting of the franchise. The form of franchise was submitted to M. E. Ryan, City Attorney, on Saturday afternoon by R. M. Hughes, general counsel of the Minnesota Central Railway company, who was accompanied by George Reid, president of the company. Several important changes desired by Mr. Ryan to fully protect the city's interests were agreed to by the company without quibble, and Mr. Ryan then pronounced the franchise legal as to form.

As soon as this had been done typewritten copies of the proposed franchise were made and before eight o'clock Mr. Reid personally, in a motor car, delivered copies to the home of each of the aldermen, so that all of the city fathers would have 48 hours in which carefully to consider every section of the franchise and to determine for themselves that the city's interests are safeguarded from every standpoint.

Under the franchise asked for, Brainerd is to have a 5 cent fare throughout the city, including transfers. This five cent fare will also carry passengers to or from points a mile beyond the city limits. The life of the franchise is 25 years, and the city may take over the lines at five year periods as already provided for by the state laws. After dividends of 6 per cent to stockholders are reached, the city is to receive 25 per

EYE INJURED IN ACCIDENT

Special to The Brainerd Dispatch: Wright, Minn., July 14—Oscar A. Dullum, of Loerch, engineer and fireman at the Dullum mill, had his eye seriously injured by the bursting of a water glass. While testing his gauges the water glass burst and the flying pieces struck his right eye, cutting a gash half an inch long in the eye ball. He was taken to Carlton for medical attendance and was then sent to Duluth for expert treatment. Mr. Dullum's parents live about three-quarters of a mile northwest of Loerch. The eye is in a serious condition and may have to be removed.

cent on earnings to eight per cent, then 33 1-3 on earnings to ten per cent, and over and above ten per cent, one-half of the dividends to stockholders.

The railway company must begin construction work within one year and operate cars within two years. Practically no opposition to the granting of the franchise is being shown and a street railway for Brainerd is in sight. This street railway is to form part of an electric system covering the Cuyuna iron range.

Joseph Ferrier, the railroad contractor and bridge builder, of Duluth, who is vice president and treasurer of the Minnesota Central Railway company, arrived in Brainerd on the Northern Pacific flyer Monday afternoon and with President Reid will be present at the meeting of the council. Mr. Ferrier has just completed the building of the Canadian Northern Railway Company's dock at 47th avenue West, Duluth.

BRAINERD 2, LITTLE FALLS 5

Down River Team Starts a Ninth Inning Rally and Clinches the Game with Ahles' Hit

THOUSAND FANS WERE PRESENT

For Six Innings the Game Stood 2 to 2 Until Three Base Hit Let In 3 Runs

With the score tied 2 to 2 for six innings, Little Falls started a ninth inning rally in its game with Brainerd, Ahles driving a three bagger to the fence and scoring Dominick, Brandell and Harsted, Little Falls winning by a 2 to 5 score.

Cook pitched for Brainerd and allowed 8 hits. Dominick twirled for Little Falls and allowed 7 hits. A thousand spectators applauded the brilliant fielding of both teams. Bush, of Brainerd speared Butler's fly when about to collide with the fence. Six Little Falls men got to first on errors. The score:

Little Falls	ab r h po a e
Krey, 3b	5 1 0 1 1 0
Brandell, cf	4 1 2 3 0 0
Harsted, ss	5 2 2 4 5 0

PLAY TIE GAME

Merchants 9, Drummers 9 at the Sunday Afternoon Game at the Koering Grounds

The Drummers and the Merchants baseball teams played a tie game, 9 to 9, at the Koering grounds following the Brainerd-Little Falls game.

Considine, of the Merchants, started to first on a base on balls, and walked in with the first run in the first inning. The Drummers came back with three runs by Reich, Weaver and Mills. The second was blank for both sides.

In the third the Merchants scored three runs, brought in by Bronson, O. A. Peterson and Russell. In retaliation the Drummers shoved Kunitz across the plate. The fourth inning was blank for both sides.

In the fifth the Merchants secured the tremendous lead of 5 on runs bowled in by O. A. Peterson, Considine, Fricker, P. Peterson and Turcotte. They settled back with the expression, "Well, we've won the game now. What are you Drummers going to do about it?"

The knights of the grip secured a firm grip on the bat and swatted the ball into the field and made their little contribution of 5, the fellows crossing the home plate being Sanborn, Kunitz, Mills, Anderson and Shulstad and then Higbee struck out. The game was tied and the supper bell rang and the ump called the game.

Score by innings:
Merchants ---1 0 3 0 5 9
Drummers ---3 0 1 0 5 9
Batteries for Merchants, Peterson and Fricker; for Drummers, Anderson and Mills.

Umpire John Cummins. A player was fined for interfering with the ball pitched to the left of the right-handed batter, but it is doubtful if the fine will be ever collected.

Higbee's batting average in this game was 000. Kunitz played a lively game on first, catching a lightning throw bare-handed, which some jealous fan tried to put down as an error, because, what's a mit for, anyway? Weaver was hit by the pitcher and looked like an invalid going to first, but recovered his health immediately and streaked it down the line for second. Mills made his debut as a catcher. Mr. Anderson was swatted hard by the Merchants in the fatal fifth inning. O. A. Peterson played well on first and grabbed everything within a radius of 15 feet. Considine said: "Shoot'em to second," and the catcher did so. Tom dropped 60 per cent of the shots which bobbed out of his mit. Russell made home by a "close shave." "Rags," the bull dog of S. F. Alderman, was an interested spectator and assisted in fielding near the backstop for both sides.

The Brilliant Stars of June

By the end of June, Mars, Venus, Saturn and Jupiter will all be morning stars, but Foley's Honey and Tar Compound is at all times the "Star" medicine for coughs, colds, croup and whooping cough. A cold in June is as apt to develop into bronchitis or pneumonia as at any other time, but not if Foley's Honey and Tar Compound is taken. For sale by H. P. Dunn.—Advt.

CAPITALISTS INSPECT CITY

John Wahl and John Moe Accompany Duluth and Milwaukee Business Men to Brainerd

EXAMINE REALTY CONDITIONS

Are Pleased with Brainerd and Say Its Expansion Has Just Begun

Accompanying John Wahl and John J. Moe, of Duluth to Brainerd to examine local realty and the Cuyuna Range Addition to Brainerd were Louis Kuhn, of Milwaukee, Wis., president of the American Candy company and H. O. Hansen, a real estate man of Duluth.

Both expressed themselves as highly pleased with conditions in Brainerd and the opportunity afforded for investments.

Mr. Wahl is identified with mining and towns development on the Cuyuna and is the president of a large candy company of the Zenith city.

Mr. Moe is a Duluth capitalist and also identified with a large department store.

All are agreed that Brainerd faces a great future and that the era of expansion has just begun.

NOTES OF THE BIG GAME

Lauerman made a fine play in the first inning when he ran down Brandell on a bunt.

Shirley, Brainerd's new center fielder, dropped a fly in the fourth inning, but redeemed himself by a quick throw to second, forcing out Butler.

Bush's play of picking Butler's fly from the fence received hearty applause.

Umpire Schroeder's work gave general satisfaction, as did Hall's, the local man.

There was an absence of any wrangling on the field.

One thing could be improved upon, and especially at evening games, and that is having the men follow each other quickly when batting. This thing of a slow walk from the dug-out to the plate and a leisurely examination of the bat is a time-killing proposition and should not be done in the evening. The fans are not so interested in a player as to wish to see him parade to the plate while the team in the field is waiting patiently.

Ahles' three bagger broke up the Brainerd game. He hit a ball that sailed near his ear.

It gave Lauerman some satisfaction to score from his fellow-townsmen, Dominick.

Tonight Butler, the spit ball artist, will take the mound for Little Falls.

The fifth inning was peculiar—insofar that each Little Falls man fouled out, Harstad and Ahles to Lauerman, Reque on a 20 foot pop up to Bud Doderick.

"They'll be eating pork chops in Little Falls tomorrow," said one Brainerd fan, as the finish came in the ninth.

Brainerd played good ball and deserved to win. Cook pitched a good game and had excellent support.

FRANCHISE READY FOR THE COUNCIL

Minnesota Central Railway Act Seems
Certain of Passage, Maybe
Unanimously

STREET RAILWAY IS IN SIGHT

Five Cent Fare Throughout Brainerd
and For a Mile Beyond the
City Limits

From authentic sources of information, including a majority of the members of the city council, the Dispatch is enabled to announce that a franchise to the Minnesota Central Railway company to construct and operate a street railway in Brainerd will be passed at the adjourned meeting of the council Monday night.

It would not be possible to pass the franchise without the support of the aldermen elected on the Municipal Ownership ticket and Mayor Henning, elected on the same platform. Six votes are required to pass the franchise. If vetoed by the mayor after its passage, seven votes, or two-thirds, would be required to pass the franchise over his veto. Two-thirds could not be obtained without the support of one or more Municipal Ownership Aldermen.

So far as ascertained, not a vote will be cast against the granting of the franchise. The form of franchise was submitted to M. E. Ryan, City Attorney, on Saturday afternoon by R. M. Hughes, general counsel of the Minnesota Central Railway company, who was accompanied by George Reid, president of the company. Several important changes desired by Mr. Ryan to fully protect the city's interests were agreed to by the company without quibble, and Mr. Ryan then pronounced the franchise legal as to form.

As soon as this had been done type-written copies of the proposed franchise were made and before eight o'clock Mr. Reid personally, in a motor car, delivered copies to the home of each of the alderman, so that all of the city fathers would have 48 hours in which carefully to consider every section of the franchise and to determine for themselves that the city's interests are safeguarded from every standpoint.

Under the franchise asked for, Brainerd is to have a 5 cent fare throughout the city, including transfers. This five cent fare will also carry passengers to or from points a mile beyond the city limits. The life of the franchise is 25 years, and the city may take over the lines at five year periods as already provided for by the state laws. After dividends of 6 per cent to stockholders are reached, the city is to receive 25 per

EYE INJURED IN ACCIDENT

Special to The Brainerd Dispatch:

Wright, Minn., July 14—Oscar A. Dullum, of Loerch, engineer and fireman at the Dullum mill, had his eye seriously injured by the bursting of a water glass. While testing his gauges the water glass burst and the flying pieces struck his right eye, cutting a gash half an inch long in the eye ball. He was taken to Carlton for medical attendance and was then sent to Duluth for expert treatment. Mr. Dullum's parents live about three-quarters of a mile northwest of Loerch. The eye is in a serious condition and may have to be removed.

cent on earnings to eight per cent, then 33 1-3 on earnings to ten per cent, and over and above ten per cent, one-half of the dividends to stockholders.

The railway company must begin construction work within one year and operate cars within two years. Practically no opposition to the granting of the franchise is being shown and a street railway for Brainerd is in sight. This street railway is to form part of an electric system covering the Cuyuna iron range.

Joseph Ferrier, the railroad contractor and bridge builder, of Duluth, who is vice president and treasurer of the Minnesota Central Railway company, arrived in Brainerd on the Northern Pacific flyer Monday afternoon and with President Reid will be present at the meeting of the council. Mr. Ferrier has just completed the building of the Canadian Northern Railway Company's dock at 47th avenue West, Duluth.

Down River Team Starts a Ninth
Inning Rally and Clinches the
Game with Ahles' Hit

THOUSAND FANS WERE PRESENT

For Six Innings the Game Stood 2 to 2
Until Three Base Hit Let
In 3 Runs

With the score tied 2 to 2 for six innings, Little Falls started a ninth inning rally in its game with Brainerd, Ahles driving a three bagger to the fence and scoring Dominick, Brandell and Harsted, Little Falls winning by a 2 to 5 score.

Cook pitched for Brainerd and allowed 8 hits. Dominick twirled for Little Falls and allowed 7 hits. A thousand spectators applauded the brilliant fielding of both teams. Bush, of Brainerd speared Butler's fly when about to collide with the fence. Six Little Falls men got to first on errors. The score:

Little Falls	ab r h po a e

PLAY TIE GAME

Merchants 9, Drummers 9 at the
Sunday Afternoon Game at
the Koering Grounds

The Drummers and the Merchants baseball teams played a tie game, 9 to 9, at the Koering grounds following the Brainerd-Little Falls game.

Considine, of the Merchants, started to first on a base on balls, and walked in with the first run in the first inning. The Drummers came back with three runs by Reich, Weaver and Mills. The second was blank for both sides.

In the third the Merchants scored three runs, brought in by Bronsdon, O. A. Peterson and Russell. In retaliation the Drummers shoved Kunitz across the plate. The fourth inning was blank for both sides.

In the fifth the Merchants secured the tremendous lead of 5 on runs bowled in by O. A. Peterson, Considine, Frioker, P. Peterson and Turcotte. They settled back with the expression, "Well, we've won the game now. What are you Drummers going to do about it?"

The knights of the grip secured a firm grip on the bat and swatted the ball into the field and made their little contribution of 5, the fellows crossing the home plate being Sanborn, Kunitz, Mills, Anderson and Shulstad and then Higbee struck out. The game was tied and the supper bell rang and the umps called the game.

Score by innings:

Merchants	1 0 3 0 5—9
Drummers	3 0 1 0 5—9
Batteries for Merchants, Peterson and Frioker; for Drummers, Anderson and Mills.	
Umpire John Cummins. A player was fined for interfering with the ball pitched to the left of the right-handed batter, but it is doubtful if the fine will be ever collected.	

Higbee's batting average in this game was 000. Kunitz played a lively game on first, catching a lightning throw bare-handed, which some jealous fan tried to put down as an error, because, what's a mit for, anyway? Weaver was hit by the pitcher and looked like an invalid going to first, but recovered his health immediately and streaked it down the line for second. Mills made his debut as a catcher. Mr. Anderson was swatted hard by the Merchants in the fatal fifth inning. O. A. Peterson played well on first and grabbed everything within a radius of 15 feet. Considine said: "Shoot'em to second," and the catcher did so. Tom dropped 60 per cent of the shots which bobbed out of his mitt. Russell made home by a "close shave." "Rags," the bull dog of S. F. Alderman, was an interested spectator and assisted in fielding near the backstop for both sides.

ORDER AFFIRMED IN TIMBER CASE

Chief Justice Brown Writes Opinion in State vs Brooks-Scanlon Lumber Co., Appellants

SUIT BROUGHT ON RESCALE

Findings of Trial Court, Judge W. S. McClenahan Presiding, Sustained by Evidence

The case of the state vs the Brooks-Scanlon Lumber company, a suit for payment of 3,000,000 feet of timber cut by the lumber company and disclosed in a resale made by the state, was heard some months ago by Judge W. S. McClenahan in the district court. The case of the state was ably presented by the then Assistant Attorney General A. L. James and resulted in a verdict for the state. It was appealed to the state supreme court by the lumber company and an order has just been entered affirming the order of the lower court, thus sustaining Judge McClenahan.

The decision reads:
Syllabus—The state sold to defendant lumber company all the pine timber of certain dimensions standing and growing upon a tract of state land; the lumber company cut and removed the timber under the contract; it was scaled under the direction of the surveyor general of logs and lumber of the proper district, and paid for by the company in accordance with such scale. Subsequently, and over three years from the settlement and payment, the state auditor discovered that an incorrect scale of the timber had been made and reported, and acting under the provisions of chapter 163, Laws 1895, demanded a resale of the timber as therein provided for. The resale was thereafter made and disclosed a discrepancy against the state of nearly 3,000,000 feet of timber. In this action to recover the contract price of the timber so unscaled and unreported, it is held:

First—The findings of the trial court are sustained by the evidence.

Second—If the doctrine of laches as any application to the state in any case involving its rights at law, it does not apply to the facts in this case, for there was no unreasonable delay in demanding the resale after knowledge that the first scale was incorrect.

Third—The duties imposed upon public officials are functions and attributes of the office, and demand for the resale was properly made upon the person holding the office of surveyor general at the time it was made.

Fourth—The officer selected by the state auditor to make the resale was not disqualified from the fact that he made a preliminary examination to determine the correctness of the information that the original scale was incorrect.

Fifth—The findings of the court to the effect that the resale was the joint work of the representative of the state auditor and the deputy surveyor general are sustained by the evidence.

Sixth—The court below did not err in receiving evidence tending to show that the resale included timber

which defendant lumber company had no right to remove under the contract, nor in deducting the quantity of such timber from the recovery against defendants.

Seventh—Defendants have not been deprived of their property without due process of law, in violation of the fourteenth amendment of the federal constitution or otherwise.

Order affirmed. —Brown, C. J.

BIG STREET PARADE

Barnum and Bailey Management Spends \$1,000,000 on New Pageant

When the Barnum and Bailey Greatest Show on earth visits Brainerd on Friday, July 25, it will be with the greatest street parade ever seen in the United States, bar none. It is entirely the origination and execution of the best artists, designers and property masters of Italy, France and England.

It is the policy of the Barnum and Bailey management never to repeat itself. During the season that they cut out their parade, it was done because in their opinion they had exhibited everything new under the sun, and that they should therefore wait until such a time as more original ideas might be evolved and new wonders sought out from remote lands. For two years, day and night, artists, artisans and stage spectacle builders have been toiling like Trojans in the European workshops of the show

FATIMA
TURKISH
BLEND
CIGARETTES

Why do so many men, to whom price is no object, insist on Fatimas? They judge by the taste. They don't smoke the price—they smoke the cigarette—they enjoy that splendid, mild, Turkish blend.

They know quality!

The package is not rich in appearance, but inside are 10 more cigarettes that hold their end up!

20 for 15 cents.

Lippitt & Rogers Tobacco Co.

near Liverpool to build the parade which this year is amazing the cities of America.

The performance too, has undergone many changes. It has been bettered by the addition of new acts from the arenas and audience rooms of Europe and Asia. The long bill begins with a costly spectacle of "Cleopatra" with a cast of 1,200 characters, a ballet of 350 dancing girls a grand opera chorus, an orchestra of 100 pieces, 650 horses, five herds of elephants, a caravan of camels, and a trainload of special scenery painted in Paris, London and New York City by the best scenic artists in the world. The properties were gathered in Egypt by envoys of the circus. The great ballet was drilled by Ottokar Bartik, balletmaster of the Metropolitan Opera Company of New York and the incidental music was arranged by Faltis Effendi, late band director of the Khedive of Egypt.

The menagerie is beyond question the greatest traveling zoo in the world. A baby colony is one of its interesting features. Here are displayed various jungle mothers with their families about them. Among the many youngsters is the only baby giraffe in America. He is a pigny at the side of his parent.

ORDER AFFIRMED IN TIMBER CASE

Chief Justice Brown Writes Opinion in State vs Brooks-Scanlon Lumber Co., Appellants

SUIT BROUGHT ON RESCALE

Findings of Trial Court, Judge W. S. McClenahan Presiding, Sustained by Evidence

The case of the state vs the Brooks-Scanlon Lumber company, a suit for payment of 3,000,000 feet of timber cut by the lumber company and disclosed in a resale made by the state, was heard some months ago by Judge W. S. McClenahan in the district court. The case of the state was ably presented by the then Assistant Attorney General A. L. Jones and resulted in a verdict for the state. It was appealed to the state supreme court by the lumber company and an order has just been entered affirming the order of the lower court, thus sustaining Judge McClenahan.

The decision reads:

Syllabus—The state sold to defendant lumber company all the pine timber of certain dimensions standing and growing upon a tract of state land; the lumber company cut and removed the timber under the contract; it was scaled under the direction of the surveyor general of logs and lumber of the proper district, and paid for by the company in accordance with such scale. Subsequently, and over three years from the settlement and payment, the state auditor discovered that an incorrect scale of the timber had been made and reported, and acting under the provisions of chapter 163, Laws 1895, demanded a resale of the timber as therein provided for. The resale was thereafter made and disclosed a discrepancy against the state of nearly 3,000,000 feet of timber. In this action to recover the contract price of the timber so unscaled and unreported, it is held:

First—The findings of the trial court are sustained by the evidence.

Second—If the doctrine of laches as any application to the state in any case involving its rights at law, it does not apply to the facts in this case, for there was no unreasonable delay in demanding the resale after knowledge that the first scale was incorrect.

Third—The duties imposed upon public officials are functions and attributes of the office, and demand for the resale was properly made upon the person holding the office of surveyor general at the time it was made.

Fourth—The officer selected by the state auditor to make the resale was not disqualified from the fact that he made a preliminary examination to determine the correctness of the information that the original scale was incorrect.

Fifth—The findings of the court to the effect that the resale was the joint work of the representative of the state auditor and the deputy surveyor general are sustained by the evidence.

Sixth—The court below did not err in receiving evidence tending to show that the resale included timber

which defendant lumber company had no right to remove under the contract, nor in deducting the quantity of such timber from the recovery against defendants.

Seventh—Defendants have not been deprived of their property without due process of law, in violation of the fourteenth amendment of the federal constitution or otherwise.

Order affirmed. —Brown, C. J.
